I can't tell if you are on this list. I circulated a summary of ASH's reply - here is the link to the document itself.

DAILY ASH FILES WATCH

ASH Files Reply to OSHA's Arguments

Action on Smoking and Health (ASH) has updated its site with their reply to OSHA's recent arguments:

After ASH sued the Occupational Safety and Health Administration (OSHA), seeking to compel the agency to issue a rule virtually prohibiting smoking in all workplaces, OSHA responded offering a number of excuses why the U.S. Court of Appeals should not compel it to take action on this rule, even after a delay of over 10 years. ASH has now filed its reply to OSHA's arguments. A copy of that reply -- including footnotes - may be found at: <http://no-smoking.org/sept01/09-24-01-1.html>
